GENERAL CERTIFICATE OF EDUCATION (GCE) BOARD

General Certificate of Education Examination

0595 COMPUTER SCIENCE 1

JUNE 2021 Squarde Manager of televities

ORDINARY LEVEL

Centre Name		
Candidate Identification Number		
Candidate Name	10. Wh	Algerica and Alberta and Alber

Mobile phones or calculators are NOT allowed in the examination room.

MULTIPLE CHOICE QUESTION PAPER

One and a half hours of defragmentation willity program

INSTRUCTIONS TO CANDIDATES

Read the following instructions carefully before you start answering the questions in this paper. Make sure you have a soft HB pencil and an eraser for this examination.

1. USE A SOFT HB PENCIL THROUGHOUT THE EXAMINATION.

2. DO NOT OPEN THIS BOOKLET UNTIL YOU ARE TOLD TO DO SO.

Before the examination begins: 1940 81 A

3. Check that this question booklet is headed "Ordinary Level – 0595 Computer Science 1"

4. Fill in the information required in the spaces above.

5. Fill in the information required in the spaces provided on the answer sheet using your HB pencil:

Take care that you do not crease or fold the answer sheet or make any marks on it other than those asked for in these instructions.

How to answer the questions in this examination

6. Answer ALL the 50 questions in this Examination. All questions carry equal marks.

7. Each question has FOUR suggested answers: A, B, C and D. Decide on which answer is correct. Find the number of the question on the Answer Sheet and draw a horizontal line across the letter to join the square brackets for the answer you have chosen.

For example, if C is your correct answer, mark C as shown below:

[A] [B] [G] [D]

- 8. Mark only one answer for each question. If you mark more than one answer, you will score a zero for that question. If you change your mind about an answer, erase the first mark carefully, then mark your new answer.
- 9. Avoid spending too much time on any one question. If you find a question difficult, move on to the next question. You can come back to this question later.

10. Calculators are NOT allowed.

11. Do all rough work in this booklet using the blank spaces in the question booklet.

12. At the end of the examination, the invigilator shall collect the answer sheet first and then the question booklet. DO NOT ATTEMPT TO LEAVE THE EXAMINATION HALL WITH IT.

- 45. In a PERT chart, tasks are represented using:
 - A Nodes
 - B Numbers
 - C Letters
 - D Arrows
- 46. A task that must be completed before another task can begin is called a:
 - A Dummy task
 - B Milestone task
 - C Predecessor task
 - D Critical task
- 47. Which of these software is suitable for storing, retrieving and manipulating very large quantities of data?
 - A Spreadsheet
 - B Database Management System
 - C Decision Support System
 - D General Purpose software

- 48. On typing a document, instead of typing 456 the typist types 457. What kind of error is this?
 - A Transposition error
 - B Range check error
 - C Data type error
 - D Transcription error
- 49. Digital signals are stepwise and discrete while analog signals are:
 - A Square and continuous
 - B Stepwise and synchronous
 - C Smooth and continuous
 - D Discrete and continuous
- 50. In computer programming, what is a semantic error?
 - A An error that occurs in the execution of a program
 - B A compilation mistake
 - C A mistake due to use of the wrong instruction
 - D A mistake due to an instruction not having the right form
